Within these pages, you’ll discover one of the UK’s largest furniture and interiors ranges. Our extensive product selection is paired with our ‘white glove’ delivery and installation service. Whether you are looking to expand, relocate, or simply refresh your existing office furniture you will be supported by our experienced team who can help you at every step – from product selection through to delivery and installation.

The office environment is changing, and indeed so is the way in which we work, with more companies now switching to hybrid and flexible working patterns. Whilst the need for traditional areas within the workplace remains, succeeding together in a collaborative way is very much a part of our daily practice and we need to provide a setting to enable both of these types of approach.

Given the diverse requirements of the modern office, we have further developed our product ranges to provide solutions for all working practices across a variety of work spaces.

Each of the products in this directory has been carefully selected from the most reputable manufacturers, to ensure quality in design and finish. Continuity of supply is also crucial, along with giving close consideration to the environmental credentials of the products, and the manufacturers of them.

Furniture and Interior Services

Alongside the supply of furniture items, we also have expertise in interior design and large scale fit-outs. Our experience in these areas allows us to support your end-to-end interiors projects, from initial concept through to design and installation.

Design and Planning
As the office landscape continues to evolve, we can maximise the potential of your office: providing multiple layout and product options within your budget. We use the latest CAD techniques to provide our clients with accurate, detailed floor plans and layouts - giving you the opportunity of arranging your office in the most cost efficient way.

Fit-out and Refurbishment
With businesses adopting more permanent hybrid working solutions, now is the ideal time to transform workspaces to support new working habits. We provide a complete fit-out service from project planning and design through to installation and compliance. Once agreed, we will organise everything from the construction of internal walls, partitions and suspended ceilings, cabling, computer networks through to heating and ventilation.

Furniture Design
Our specialist team are familiar with the full range of furniture within our portfolio, however if your requirement is for something special or out of the ordinary we can design, build and supply products to your requirement to complement both your existing or new environment.

Working From Home
Working from home is the new normal for many businesses. Our wide range of stylish chairs, desks and storage solutions come in a variety of finishes, and support productivity by providing the ideal home office set up.

Socially Distanced Working
To aid our clients in getting staff back to the office we provide a wide range of Covid-19 safety screens both free standing and desk mounted. We can also assist with the reconfiguration of existing furniture to ensure compliance with current HSE requirements.

About us

OfficeTeam is part of OT Group, part of the Paragon Group of companies. Paragon Group is a leading provider of Customer Communications, Identification, Graphics and Workplace Services, combining generations of experience with the latest innovations in technology and smart data. Paragon Group is an international organisation present in over 20 countries with a global sales reach of €838 million turnover, and more than 8,500 employees.

OfficeTeam was acquired by Paragon Group in May 2020, and enables us to provide our customers with even greater opportunities for supplier consolidation and operational cost reductions.

Our partners

OfficeTeam is one of the largest distributors of The Senator Group, the UK’s leading office furniture manufacturer. We are also major distributors for other leading furniture manufacturers including Allermuir, Ocee Design, Torasen, Bisley, Sven Christiansen, Boss Design, Komac and Link 51.
Succession Wealth had a base in Birmingham, but wanted to relocate to the Colmore district of the city centre which had become a hub for business, professional and financial services activity.

The new offices were to be their regional head office and had two distinct areas. One which was client facing where their CEO would be based and required a high end solution with a reception area including drink facilities and client facing meeting rooms, and the other an admin/clerical area that would also facilitate hot desking that had to be more practical.

One of the major challenges with the new site was that it was based in the heart of a busy city centre and the office was located on the seventh floor of an eleven floor building, which could only be accessed using the rear fire exit staircase!

We delivered on time and to budget, whilst simultaneously working on two distinct areas, which both met the client’s objectives and showcased their brand.

Our designs and fit-out were enthusiastically received by all staff, who now have a fantastic new working environment that reflects the emergence of Birmingham as a leading destination for financial and professional services.
Case Study
Cummins Generator Technologies

The Challenge
Cummins Generator Technologies wanted to move into a new flagship European headquarters, moving from their existing premises in Stamford to new offices in Peterborough. Where they were used to working in cellular offices, they were looking for a more open plan approach, including a general seating area, meeting room facilities, collaborative areas throughout the building, as well as a restaurant and an executive floor.

The existing fit-out of the new premises did not meet the client’s requirements and a lot of remedial work was needed before work on the new lay out could begin. Windows and ceilings needed replacing as well as services such as toilets and the kitchen areas. It became apparent, quite quickly, that the building was not to the standard the client had believed so the scope of the existing project had to be expanded and, what started as a £400k fit-out, became a £1 million project.

Cummins found working with the landlord’s workforce, prior to acquiring the building, was also problematic delaying the project by six months.

The Solution
OfficeTeam project managed the fit-out in its entirety. They helped with the landlord negotiations at the beginning and ensured the project was delivered to the agreed timescales.

As the main contractor for the project, we provided an end-to-end solution incorporating a large degree of design and build. OfficeTeam undertook the supply and installation of the ceilings, flooring, partitioning, special joinery, lighting solutions and working with the M&E and HVAC contractors.

OfficeTeam specified, supplied and installed all furniture for the project. We sourced the furniture from Senator Group using their S21 Intrigue desk System, S21 Trillipse conference seating range, Chameleon Meeting tables, Allermuir Haven and Haven bench soft seating, Pebble stools, Pause sofas, Obelisk reception seating, Torasen Orthopaedicia Operators’ chairs and Allermuir A47 tables with Casper bistro seating.
FULCRUM® PRO RECEPTIONS
Welcome in ultimate style.
First impressions are the most lasting. Whether conventional or cutting-edge, make yours a grand entrance by choosing a reception desk of distinction from our striking Fulcrum Pro collection.

FULCRUM® PRO RECEPTIONS
Create the right first impression.
The wide choice of standard modules can be combined to meet most needs, with custom variations available if required. Traditional craftsmanship of the highest quality delivers a subtle message about the status of your business.

L-SHAPED RECEPTION
Distinctive, multi-level counter shown in Zebrano veneer, with gloss white lacquer and polished stainless steel trim.

RECEPTION WITH RIGHT-HAND CLIENT CONTACT AREA
Gloss white lacquer and Light Oak veneer.
X-RANGE®
The modern way to meet and greet.

The comprehensive choice of X-Range reception modules can be combined to suit foyers of all shapes and sizes. Simply build your perfect counter by combining straight and curved base units in any sequence, with desk-overs, glass shelves and pedestals as desired. Available in a wide selection of MFC finishes.

CURVED RECEPTION
Multi-level 90° counter shown in Zebrano and White MFC with glass shelves and Zinc trim.

X-RANGE®
For fashionable foyers.

Desk-height modules create an open welcome, while counter height sections provide privacy and conceal clutter.

RECEPTION WITH LEFT-HAND CLIENT CONTACT AREA
Curved reception counter in Zebrano MFC with Zinc trim.
Unless otherwise stated all seating priced in Band 1 fabric (see Pages xxx-xxx).

**OPEN**

Contemporary, dramatic and inspirational.

Open is an elegant and relatively compact contemporary range of soft seating, comprising of a lounge chair with or without a headrest, footstool and a large two seat sofa. The moulded seat shells and cushions with bull nosed edge profile and tailored upholstery, provide great comfort, precise shape and visual slenderness.

**CONIC**

Eye catching and exciting.

Conic is a refreshing, eye catching and exciting take on various conical forms seen in contemporary soft seating over the decades. Conic’s shape and form provide excellent and inviting levels of comfort with a broad appeal. New upholstery detail gives this piece a fresh twist.
**HERBIE**

Quite a character.

Herbie is a perfect style statement for a reception, working environment or breakout area. Herbie is available in a choice of frames. The sculptured seat and back offer support and comfort.

SKYLINE
Designed by Henry Gurney.

Ideal in small or large arrangements, Skyline is perfect for corporate breakout and reception areas as well as more robust educational environments. Recognising that we work in predominantly rectangular spaces, the 23 different modular square and rectangular Skyline pieces allow you to create your own configurations.

- **SKY120/CONCAVE/B**: 120° concave unit with back
- **SKY1/B**: Single seat unit with back
- **SKY1/B/LA/RA**: Single seat unit with back, left arm and right arm
- **SKY2/RB**: Two seat unit with right back
- **SKY1/CO**: Single seat corner unit
- **SKY2/LB/RB**: Two seat unit with full back
- **SKY45/B**: 45° unit with back
LOITER
Wait a while.

Loiter is a compact range of modular bench seating and tables designed to provide a simple effective solution for waiting and reception areas. Loiter is modular in design for flexible and reconfigurable spaces. Loiter has a range of complementary side tables available to complete the look.

EATL
Simple, understated style.

Simple and deliberately understated styling is the hallmark of the Earl seating group. The carefully considered upholstery piece delivers the perfect solution for reception environments.
The extremely popular Dorchester range has deep cushions and striking square lines. Dorchester is the ideal choice for a reception, office or breakout area. The armchair and two and three-seater sofas are offered with the option of chrome or oak legs.

**DORCHESTER**

Finely detailed, slimline upholstery.

The finely detailed slimline upholstery brings a graceful feel to any reception area.
CLARITY SOFAS
Ahead of the curve.

Sleek and elegant soft seating with matching benches and coffee tables, featuring tops in veneer, MFC, clear glass and black mirror glass. As standard, Clarity sits on polished aluminium columns, or optionally on Ligni ply legs faced in Light Oak veneer.

CLARITY CURVE
Curvilinear design creates a gracefully sweeping arc. Mix and match with rectangular modules for flexible layouts.

HILLY
Working for everyone...

Hilly is perfect for so many places, from schools to waiting rooms, students’ unions to office breakout areas, libraries to play zones. It’s durable, affordable and flexible. With 21 modular pieces, you can build and reconfigure Hilly to create your ideal layout. There are high and low back options and stand-alone armchairs and sofas. You can add two-tone fabrics and power and data. Tone up the colours for vibrant fun spaces, and cool it down for relaxing, quiet places.
OT CLASSIC
A touch of class to enhance any waiting area.

Creating a modern presence with this classic one, two and three seater option. OT Classic offers an elegant retro image. Chrome surrounds, visible from every angle, show the strength and quality of this popular range.

All seats are black leather faced with black vinyl backs.
Meet, retreat.

Mote has been designed to provide a holistic solution when designing dynamic environments. Created as a complete lounge seating range, no detail is an afterthought, with every inch having been given careful consideration to eliminate dead space.

The Mote family includes sofas, ottomans, screens and accessories, each linking seamlessly to each other to create a combination of rectilinear and curvilinear forms for beautiful yet defined spaces.
OBRIS
Designed by Jonas Wagell.
With inviting proportions, Obris is the perfect balance of comfort and form. It’s clean lines, slim arm detailing and deep seat allows it to blend subtly wherever you rest; office or lounge. An innovative upholstery technique on the outer body using a CNC - shaped Steel frame and tensioned fabric adds comfort, weight reduction and light visuals.

**FAMIGLIA**

Meet the family.

The Famiglia seating family includes a collection of low, mid, high back and lounge chairs that between them offer a choice of metal or wooden legs, and 5-star bases. These are complemented by a range of occasional and light work tables for informal or formal needs.

Famiglia’s seating range shares soft geometric styling with a contemporary appearance that invites comfort. Coming in a variety of scales and forms, the seats have a soft and sinuous, yet functional quality. The designs are driven as much from a desire to produce a simple and cohesive range, as they are for supporting different styles and applications.

**BILLO**

Bags of personality.

Billo can match the vibe of a start-up, or create a collaborative space in a more traditional setting. Contrasting twinned stitching adds a crisp detail which can be enhanced by two-tone fabric options.

**SOLACE**

A versatile solution for confined spaces.

Combining a generously proportioned seat with a compact overall footprint, Solace is a versatile solution for confined spaces. Exceptionally comfortable, the tub design can be finished with a range of stylish leg options. Striking two-tone fabric options perfectly complement the design.

**BILLO1**

Armchair

**BILLO2**

LIGNI LOUNGE
Supreme comfort.

Ligni Lounge chairs are offered in medium and high back variants, and feature a fully upholstered external shell, back and seat on distinctive Ligni radiused ply legs faced in a wide range of veneers and laminates. Choose one or two-tone combinations from an extensive range of fabric, faux leather (vinyl or PU) or leather upholstery.
MANGO
A striking solo workspace solution.

Mango, our new personal workspace solution, is created with headspace in mind. Striking the perfect balance between privacy and ergonomics, Mango allows its user to comfortably escape distractions for extended periods of time without the need to leave the room.

HAPPY ROCKER
Sit back, relax.

Comfortable and informal, Happy Rocker puts a smile on everyone’s face. Ply frames faced in a selection of veneers can be combined with a plain buttoned upholstery or a choice of emoji details.
**MOTE**

Meet, retreat.

Mote conceives both advances in technology and new thinking around the way we work best, whether meeting, interacting, learning or relaxing. The range offers various configurations that help reclaim redundant space, providing a relaxed posture suited to prolonged work in an informal setting.

The contoured seat and back features multi density reflex foam cushions with distinctive fly detailing and soft edging. Cast aluminium legs and integrated plinth offer a refined aesthetic and visual continuity across large spaces.
PORTABLE, FUNCTIONAL AND PRACTICAL

Within open plan office environments it is more common today for employees to share resources such as printers and scanners. Aside from the general ambient noise of an office it is generally accepted that it is these kind of devices whirring into life that provide much of the acoustic and visual distraction of colleagues using them.

FOURLIKES®
Designed by Anders Nørgaard

FourLikes® Meet is part of FourLikes, an extensive range of modules that can be configured and reconfigured to optimise spaces and activate underused areas.
The FourLikes® Meet offers a private focusing or collaborating space, which can be integrated into larger arrangements of different seating options.
ELEGANCE
Working together.

The simple crisp styling of the high back Elegance sofa group has been developed to respond to the growing demand for this type of seating in the workplace. Available as a single, two seat and three seat unit, it is sure to suit a multitude of applications.
FOURUS® WORK BOOTH
Designed by Anders Nørgaard

The FourUs® Work Booth serves as a multi-purpose work space and is designed to provide privacy and flexibility. With the combination of a table, chair and soft seating, the FourUs® Work Booth facilitates both collaborative and focused activities. The upholstered sides provide both a visual and acoustic barrier, and the cleverly designed pivot table facilitates easy access. Accessories include: shelves, a coat rack, wipeboard and AV provision.

ATOM CONFIGURATIONS

FOURREAL® WOOD
Designed by Strand & Hvass.

The FourReal® Wood is new to the already popular FourReal® collection. The folding table with oak legs is a multifunctional table available in 74 and 90 heights. Optional extras can be added to solve specific needs in canteen or open-plan layouts.

FOURREAL® FLAKE
Multifunctional folding tables with integrated castors.

Four® Real Flake is a range of multifunctional folding tables with integrated castors for easy handling by one person.

The tables are designed to be combined across variations of shapes and sizes and optional extras can be added to solve specific needs in the versatile canteen or open space layout.
FULCRUM®
Outstanding tables for every setting.

Avant-garde or conservative, the Fulcrum collection boasts the finest meeting and conference tables to suit all applications. Choose from a generous palette of natural timber veneers and solids, with a choice of edge profiles and optional feature inlays, plus a wide selection of attractive and functional cable management solutions. Complement with matching storage to make your conference suite the next discussion point.
**X-RANGE®**
简单、吸引人的会议桌：现在你可以说了。

当代，经济实惠的桌子以MFC饰面提供，有选择。X和Y柱基座和GP腿架在黑色、白色、灰色或锌色中完美地与圆形、矩形、弓形或桶形台面相配。可选的隐蔽的地板到台面顶部的电缆路由在支撑柱内。

X-RANGE®
Simple, attractive, meeting tables: now you’re talking.

Contemporary, cost-effective tables offered in a choice of MFC finishes. Distinctive X and Y column bases and GP leg frames in black, white, slate or zinc suite perfectly with circular, rectangular, bow-end or barrel-shape tops. Optional concealed floor-to-table top cable routing inside the supporting columns.
OT MEETING TABLE
Simple, robust design.

The OT Meeting Table collection is designed to meet multiple requirements from impromptu meetings to conference facilities. This is achieved through a wide choice of table shapes, finishes and table support frame designs, with flexibility as the major criteria.

FLIPTOP TABLES  
Mobile and reconfigurable.

Table tops may be easily released using a one-handed pull-catch and pivoted through 90° from horizontal to vertical. Rectangular, trapezoidal or D-end shaped tops, in sizes ranging from 1200 x 600mm to 1800 x 800mm, lock automatically when rotated back to horizontal. With tops “flipped” to vertical, tables may be nested together or conveniently moved from room to room. Modesty panels and cable management flaps are available as options.

T-FRAME
1200 to 1800mm wide, 600-800mm deep
TF/T

Y-FRAME
1200 to 1800mm wide, 600-800mm deep
TF/Y

OPTION
Hinged cable management flap and tray (as above)
AF@T
The Kite® folding table is simple to move, fold and store. Designed to optimise the meeting experience, Kite® is suitable for all environments from the boardroom to the classroom.

The Kite® shape ensures that each person has their own working space and good line of sight to the presenter and other delegates. Everyone sits at a straight edge with 750mm of personal space; no one straddles a table leg, writes over a seam or is squashed into a corner.

Kite’s flexibility creates an agile working environment where a single person can quickly reconfigure tables into new working styles. With a compact nesting profile, tables are easily folded and stored without any heavy lifting or the need of a trolley.

With a variety of leg options and a selection of tops, from banded inlay veneers to white MFC, Kite® has a finish to match any interior.

KITE TABLES
Simple to move, fold and store.

- KTK25: 750 x 750 x 740
- KTR25: 1500 x 750 x 740
- KTS25: 750 x 750 x 740
- KTC25: 1000 dia x 740
- KTM10: 1050 dia x 740
REVELATION TABLES
A clever solution.

Revelation Tables were designed with versatility in mind. The variety of shapes and sizes were created to support the different learning requirements found in educational and training environments.

CIRCO
The one and only.

Circo is a functionally simple light work chair for ad hoc touch down environments. Featuring a permanently floating action and a mesh back that morphs to support the user. Circo is suitable for both conference and meeting environments. With a choice of upholstered or leather finishes plus the option of an integrated tilt action, Circo effortlessly adjusts to the way you work and the environment you work in. It is equally at home with castors or glides and its mesh back is available in a range of contemporary colours to suit your workplace.
CLARA

Beauty with form.

Clara is a stylish mid height lounge chair designed to provide comfort and style for contemporary cafe, corporate and breakout areas. Clara offers a choice of frame to suit any style.
KRUZE
A Distinguished Design Classic.

Possessing presence and panache, the highly versatile Kruze chair will complement a range of environments and draw the eye to its elegant form. The gently sculpted contours and generous proportions, promise outstanding sitting comfort, while the choice of finishing options, makes it adaptable for relaxed or distinguished areas.

Era is the perfect family of task, work lite and meeting chairs, which has been designed to satisfy the increasing variety of tasks in the workplace. The range of chairs within the family are comfortable but not bulky, light but stable, and recognisable but versatile.
LYFT
The perfect balance.

Lyft is a stool that answers the age-old question, is it better to sit or stand. Well, now you can do both. Designed to help productivity and wellbeing, Lyft helps improve posture by relieving stress placed upon the body.

Lyft is the perfect accompaniment to your office task chair. With its rounded base, Lyft offers motion and mobility and its unique curved seat offers uncompromising comfort and support whether sitting, standing or perching.

ROAM
Versatility designed.

A customisable creation which is perfect for those brief meets and breakouts. Roam is an everyday necessity that brings both comfort and colour to any space. It’s light and versatile nature provides the freedom of movement, whilst also aiding users to develop a healthy posture.

LYFT01
Height Adjustable Stool

ROM01

FOURME®

The elegant Four®Me armchair is offered on seven different base options and is designed to bring a warmer, more domestic feel to public spaces. The soft grip surface of the shell chair consists of a bio-composite polypropylene material reinforced with wood fibres, making every chair unique and a very different tactile experience from other typical shell chairs.

FOURSURE®

The FourSure® serves perfectly as a meeting and/or dining chair. The flexible shell offers superb back support. You can choose vibrant colours for an energetic image or maybe go with calmer tones for a more natural and Nordic look.

FourSure® with inside upholstery is a popular choice; the combination of the shell and fabric makes it an interesting and beautiful chair.

OT EXECUTIVE
Ergonomically shaped for outstanding comfort.

The OT Classic chair creates a sleek minimalist look for any boardroom or office environment.
The simplicity of design and firm support is what sets this range apart from traditional office seating.
The mechanism features an anti-shock, lockable knee tilt mechanism with tension adjuster to suit the weight of the user.

FEATURES
• Anti-shock, lockable tilt mechanism
• Tension adjuster
• Polished Chrome bases and frames

FULCRUM® CHAIRS
First-class quality, sumptuous comfort.

The Fulcrum F1 has a solid timber frame in a choice of hardwoods; the Fulcrum F3 features an elegant cantilever frame in polished chrome, white or black. The upholstery’s subtle curves reflect the shape of the underlying timber shell, carefully developed for outstanding comfort and support. The polished aluminium arms may be capped in timber, fabric or leather.

Optional Freefloat™ for Fulcrum F1 provides a smooth range of movement. The central pivot ensures the chair follows user movement naturally and without conscious thought. The automatically progressive resistance requires no user adjustment.

KIN
Welcome to the family.

Kin is a family of elegantly strong mono-shell seating designed for Allermuir by PearsonLloyd. And ‘family’ was the ethos from the very beginning.

Kin’s two standout characteristics are beauty and efficiency. No matter the model, you will encounter maximum comfort created by a minimum use of materials.

The range comprises a tub chair, an armchair, a side chair and stool, but with myriad base, colour and plastic or upholstery options, the family extends to multiple interlinked possibilities that will always bear a likeness to one other.

Upholstered variants of all chair available.

FORTYSEVEN TABLES
A classic reinvented.

FortySeven (or Classic Tables as they were previously known) have been reinvented because no matter how good a product is, it can always be better.

These simple, elegant and incredibly versatile tables are still constructed with the same meticulous attention to detail, stability and quality, but now, they’ve been reinvented; sculptured and crafted to give FortySeven a softer and more delicate silhouette.

CARDITA
Where vintage and modern collide.

Cardita is inspired by the beautiful leather seats found in luxury vintage cars. A simple yet intelligent frame is complemented by classic upholstery detailing which not only exudes opulence, but is also exceptionally comfortable.
FOLK
Serenity & Simplicity.

Folk is both timeless in its seemingly familiar design, and timely in its modest and ingenious flexibility. A range of wood, plastic and aluminium finishes, different colours and upholstery options allow you to change Folk’s flavour so that it can appear like a range of different chairs that somehow sit together harmoniously in one space.

AXYL
A strong silhouette.

The AXYL collection is a combination of elements that come together to create a distinctive new design language. Each piece in the collection utilises a strong geometric design language that is entirely original yet draws on familiar references, such as the A-frame typology and a Mid-Century Danish wrap-around shell.
SILTA
Progress is beautiful.

Silta is a premium high table for breakout spaces, adhoc meetings or a place to simply perch and connect. Modern meets vintage with industrial design featured right alongside modern connectivity points and convenient bag hooks.

The range is available in sizes from 1800mm - 4600mm w.

- Moulded seat foam cushion
- 50mm seat depth adjustment
- Self-supporting mesh back
- 50mm Adjustable lumbar support
- Height and width adjustable arms
- Height and width adjustable arms with multi-functional arm pad

**OUSBY**

Stylish modern design with truly superb comfort.

TRINETIC

The benchmark in next generation task seating.

As the world’s first fully certified task chair to provide dynamic support without the need for manual user adjustments, Trinetic is setting the benchmark for the next generation of task seating. Three independent pivot points combine with a flexible seat and backrest to cradle the user in an ergonomically-sound position without the need for manual intervention.

**FEATURES**

*Selected models only*

- Trinetic features three independent pivot points
- Trinetic is available with or without arm pads in black and chalk
- Black nylon five-star base with black castors as standard
- Height adjust 100mm
- Tested to 120KG
Freeflex provides a clever and adaptable solution to support the user’s movements in their working environment. Flexibility is central to the design of Freeflex, giving the user the freedom to make simple adjustments; to their seat height, seat depth and back height to achieve ultimate comfort.

**FEATURES**
*Selected models only*
- 5 Star base
- 65mm Hard wheel castors*
- Weight controlled synchronised mechanism with travel limitation in four steps, including locking upright*
- Moulded seat and back foam
- 60mm seat depth adjustment
- Integrated flexible back membrane
- 70mm back height adjustment
- Contrasting mesh side panels on the seat and back, with a complementary coloured back insert
- Width and height adjustable arms*
- Stool height variation

**FREEFLEX**
Sit, reach, move.

**HARVEY**
Supportive ergonomic chair designed by ergonomists.

Whether you are above or below average height and build you need to have a task chair that correctly fits your needs. With petite, standard and tall options, Harvey is designed to accommodate individuals of different sizes whilst maintaining a consistent look throughout the working environment.

**FEATURES**
- Petite, Standard and Tall high back task chair with optional headrest in three sizes
- Matching cantilever visitor chair with chrome frame and integrated arms
- Offered with a range of mechanism
  - Ratchet back height adjustment
  - Optional seat slide, seat lumbar, inflatable lumbar and coccyx cut out
  - Deep moulded foam seat for superior user comfort
  - Contrasting base frame and back insert in complementary colours
- Fully articulated neck/headrest on the standard and tall
- Weight capacity 150kg, cantilever 110kg

**HARVEY**
High quality task chair designed by Harvey 1 and Harvey 2
Pluto Plus Mesh delivers the same high performance as the Pluto Plus range. The addition of a breathable mesh back, available in a variety of colour choices, creates a modern feel and discourages fatigue. A fully synchronised mechanism allows the seat to be frequently and easily reconfigured without compromising comfort. Available with different arm options to meet your exact requirements.

**FEATURES**
- 5 Star base
- 60mm Hard wheel castors
- 3D Self-supporting mesh back
- Fully synchronised mechanism
- Fold down arms*
- Height adjustable arms*
- Adjustable lumbar support

---

ABSOLUTE

A quality task chair collection.

With its distinctive curved back and stylish detailing, Absolute is ergonomically designed for maximum comfort. The Mesh and Upholstered task chairs are offered with a range of options to suit individual needs.

**FEATURES**
- Upholstered and mesh back task chairs
- Ergonomic design
- Synchron and body balance mechanisms
- Integral lumbar adjustment support
- White option available
- Seat slide option (the upholstered chair has seat slide as standard)
- Upholstered back with durable outer
- Deep moulded CMHR foam seat for superior comfort
- Inner back and seat manufactured from 100% recycled material
- Compliant with HSE seating at work directives
OT12

Stylish modern design with truly superb comfort.

The OT12 task chair delivers fantastic comfort with simple elegant styling. It is capable of providing a comprehensive suite of adjustments and features a dynamic synchronised lift action.

The elegant and well proportioned back frame supports a soft touch 3D self-supporting mesh.

With choices of colours for moulded plastic components and for the 3D mesh, it is easy to tailor the appearance to complement its environment.

FEATURES (*Selected models only)

• 5 Star base
• 65mm Hard wheel castors
• Synchronised mechanism with adjustable tension and travel limitation in four steps, including locking upright
• Moulded foam seat cushion
• Self-supporting mesh back
• Height adjustable arms

OT11

Stylish yet functional.

OT11 is a contemporary task seating range with a stylish, height adjustable mesh back available in range of colours to suit modern office environments. Available with the addition of an adjustable headrest that offers users support in alternative postures including reclined positions.

FEATURES (*Selected models only)

• 5 Star base
• 60mm Hard wheel castors
• Height adjustable ratchet back
• Fully synchronised mechanism*
• Adjustable lumbar support
• 3D self-supporting mesh back
• Height adjustable arms*
An ergonomically shaped range of task seating for the modern office.

A new family of task seating specially designed to cater for all sizes. From ‘Petite’ with its smaller seat and back through to ‘Grande’ with extra large seat and back and heavy duty gas lift to carry up to 30 stones. OT8 allows you to suite task seating for users of all shapes and sizes.

**FEATURES**
- Available in three sizes
- Independent seat tilt ratchet back adjustment
- 5 year warranty

**PETITE**
- Ideal for the smaller user
- Black base & arms

**STANDARD**
- Black base & arms

**GRANDE**
- Ideal for heavy duty usage
- Guaranteed up to 30 stone
- Seat slide as standard
- Heavy duty height adjustable arms

**OT7**
Think Smart.

OT7 offers a clean linear aesthetic and user friendly adjustments to provide the optimum blend of style and functionality required for the office environment. The fully upholstered task seating range provides a host of options to choose from including a choice of back height; two variations of mechanism and a seat slide to ensure a comfortable sit throughout the working day.

**FEATURES**
- 5 Star base*
- 50mm Hard wheel castors*
- Height adjustable back
- Independent mechanism with seat and back locking function*
- Standard mechanism with back locking function*
- Fixed arms*
- Height adjustable arms*
OT6
A chair to rival any competitor.

OT6 task chair is designed for ease of use, featuring simple styling without compromising on performance. Dash excels with its range of functional and dimensional adjustments which come as standard.

FEATURES
(*Selected models only)
• 5 Star base
• 50mm Hard wheel castors*
• Synchronised mechanism with adjustable tension, back locking function in four positions, including locking upright
• 70mm back height adjustment

Orthopaedica is a comprehensive range of ergonomically responsive task seating designed to meet the challenging conditions found in today’s commercial environment. Boasting an impressive list of possibilities, Orthopaedica provides the user with the ultimate level of postural support. Sculptured seat and back cushions make it an ideal choice for those with back problems.
ORTHOPAEDICA
We’ve got your back.

300 SERIES
Every individual is unique in their proportions, which is why we developed a range of back heights within the Orthopaedica range.

FEATURES (*Selected models only)
• 5 Star base
• 60mm Hard wheel castors
• Height adjustable ratchet back
• Independent mechanism with seat and back locking function*
• Fully synchronised mechanism*
• Height adjustable arms*
• Fold down arms*

ORTHPAEDICA
We’ve got your back.

200 SERIES
Every individual is unique in their proportions, which is why we developed a range of back heights within the Orthopaedica range.

FEATURES (*Selected models only)
• 5 Star base
• 60mm Hard wheel castors
• Height adjustable ratchet back
• Independent mechanism with seat and back locking function*
• Fully synchronised mechanism*
• Height adjustable arms*
• Fold down arms*
ORTHOPAEDICA
We’ve got your back.

100 SERIES
The 100 Series offers a wider back for a more encompassing sit. The upholstered outer back creates a softer aesthetic and can be specified in two-tone fabric to create a unique look.

FEATURES
(*Selected models only)
• 5 Star base
• 60mm Hard wheel castors
• Height adjustable ratchet back
• Independent mechanism with seat and back locking function*
• Fully synchronised mechanism*
• Height adjustable arms*
• Fold down arms*
• Headrest*

90 SERIES
The 90 Series is the original model of Orthopaedica, built with a contoured seat and backrest: it provides high levels of support during prolonged seating periods.

FEATURES
(*Selected models only)
• 5 Star base
• 60mm Hard wheel castors
• Height adjustable ratchet back
• Independent mechanism with seat and back locking function*
• Fully synchronised mechanism*
• Height adjustable arms*
• Fold down arms*
OT POSTURE ULTRA
Designed to provide the ultimate level of postural support.

The OT Posture range provides the ultimate level of support, ideal for those who suffer with back or posture issues.

With ergonomically curved backrests and contoured seats, the independent adjustment of the seat and back angle, along with the bodyweight tension control ensure that the user can achieve the optimum seated position.

One of the most cost effective posture seating ranges available.

FEATURES
• Fully upholstered extra high sculpted backrest
• Heavy duty 3 lever mechanism
• Seat depth adjustment
• Independent seat and backrest angle adjustment
• Bodyweight tension adjustment
• Independent ratchet back height adjustment
• Inflatable lumbar support
• 5 year guarantee

PAILO
Bringing work home.

Pailo is a desking system featuring single and back to back benches as well as two shapes of project tables for more relaxed work settings. A natural selection for any corporate space, Pailo’s defining wood legs are available in a matt clear lacquer or a black stain to complement the wide range of top finishes available.

The inclusion of a gantry provides a hanging space for Pailo’s versatile range of screens and accessories. Hanging screens can be suspended from the gantry by bridle leather straps, leaving the above space free to be used for the pendulous lighting and plants. An adjustable drape screens offer personalized levels of privacy, attached to the gantry they can be raised or lowered by the user to suit individual preference.

CHEMISTRY
A catalyst for change.

Chemistry workstations can be configured as individual desks or as bench solutions that share components, allowing for the integration of partitions that form touch-down workstations or meeting spaces.

The range incorporates two leg styles and the ability to integrate sliding tops for ease of access to integrated cable management.
CHEMISTRY
HEIGHT ADJUSTABLE
A catalyst for change.

Chemistry incorporates a height adjustable workstation solution allowing the user the option to vary their posture and stand whilst working. Chemistry features a back to back height adjustable bench leg option that allows the user to quickly set their optimum working height by means of a responsive manual adjustment or via a push button electronic mechanism.

Full range of cable management and screens available on request.
AMBUS®
Comfort, quality and style: the furniture of choice.

Offering a solution for every workplace requirement, Ambus is one of the most comprehensive desk systems available, with matching storage, tables and screens. Ambus desks are offered in MFC and veneer, on both metal frames and panel ends.
X-RANGE® BENCH
Strength, style and stability.

X-Range bench combines elegant looks with exceptional strength and rigidity. Tops may be fixed or sliding, and comprehensive cable management is standard. Adapt as your needs change: make bench runs longer or shorter by adding or removing modules – even add a further worksurface at 90° across ends of a bench run.
OT BENCH
A simple system delivering intelligent results.

OT Bench provides a classically elegant solution to the problems of today’s modern offices. OT Bench offers a generous worksurface detail that provides the opportunity to create multiple workstation arrangements, along with variety of accessories to enhance practicality and flexibility.

- Easy to install under the desk, this chrome finished basket helps keep cables tidy, reduce knots and prevent trip hazards.
- Available in cut lengths to suit your individual needs (100mm increments)
- Comes with fixing brackets and self-drilling screws
WHY ACOUSTICS...

Acoustics is about emotion...

People:
Sound impacts on whether people have a negative or positive association with a space. A positive soundscape improves our effectiveness, aids our wellbeing and increases our enjoyment of a space. A negative acoustic environment inhibits our productivity, reduces our comfort and increases stress.

Place:
We must consider the place and its function to create an appropriate acoustic solution. Equally, the acoustic products should enhance the palette of the interior designer and not restrict the visual integrity of the scheme.

Purpose:
We can accept different soundscapes if they are appropriate to the task: the buzz of a breakout canteen encourages us to socialise and relax, whereas the same noise level would be disruptive in an office work area. The acoustics of an environment have to be appropriate to the purpose of the area.

PS TESSELLATE
Create your own acoustic configuration with the new Positive Sound Tessellate collection from Ocee Design. With seven shapes, different depth options and extensive fabric and colour choices, Positive Sound Tessellate is a bright and flexible acoustic panel system.

PUZZLE
With two designs to choose from, and a selection of colours, the Puzzle panels have been created to divide space and look great. Puzzle panels, hanging at regular intervals can help to break up sound waves across an office, reception or café area. When hung in front of glass screens, the Puzzle panels can decrease reverberation in a space.
FABRICKSTM
Super acoustic bricks made from acoustic foam

Fabricks are super acoustic bricks made from acoustic foam and wool fabric, designed to look fabulous, divide space and reduce noise. Quickly configured and reconfigured, Fabricks offer the flexibility to change spaces in the modern open plan workplace by creating walls for meeting spaces and individual work areas; the dynamic of a space and even the location of power can be altered in moments.

With great acoustic credentials, Fabricks combats the increased noise levels and visual distractions that lead to reduced productivity. Fabricks are tested to ISO 10534 and BS EN ISO 354:2003 achieving Class A sound absorption and fantastic sound attenuation results.

BAUDOT
We’ve been keeping this one quiet...

Baudot is a beautiful example of where form meets function. As well as making a visual impact in any area, the range can also be used in acoustic landscaping, as a solution to noisy environments such as open plan offices, atria and hospitality. Freestanding and wall mounted options can be specified to achieve a variety of fun looks.
**MOTE STORAGE**

Form and Function.

Mote storage has been designed to complement the full range of Mote seating. Featuring a contemporary silhouette, Mote storage comes in three heights that share a common design language, ideal for meeting rooms and collaborative environments.

Low Board storage is ideal for positioning beneath a large screen; Sideboards and High boards are a beautiful accompaniment to any meeting room and all can effortlessly house a number of multimedia devices.

CHEMISTRY STORAGE
Science of area division.

Chemistry Storage have been developed in a different way to the traditional filing system to respond to changing storage and privacy needs. Open shelves, drawers, flipper units and doors support a wide range of equipment, all of which can be incorporated into the design.

With a variety of sizes, product options and finishes available, Chemistry Storage is a perfect complement to our full range of workplace solutions.

HIBOX
Intelligent division of space.

Hibox defines spaces but maintains visual connections. Provides a degree of privacy but doesn’t isolate. The choice of heights and widths allows great flexibility of layout. Each 400mm deep module features a combination of cubes comprising open shelves, shelves with backs and cubes with flush-front, push-release doors. Bring the outside in with optional top-fixed planters.
HISTORE™ LITE
Maximise storage space.

Storage that utilises the full height of your office without the complexity or cost of built-in furniture. Available in heights from 2330mm to 2905mm in 25mm increments. Offered in a wide range of finishes, to complement all interior design schemes, with an extensive choice of internal fittings. Options include integrated lockers, and seating and presentation modules.

CRATE DIVIDE

A cube based modular storage system, that’s primary function is to act as a room divider. Create spaces using the modular design of Crate. Pre-built components can be connected together in-line or at right angles to create different zones within existing spaces.
CRATE

From its slender frame to soft colour palette offering, Crate fits into many environments. With the popularity of indoor foliage, Crate was designed to contain and elevate potted plants but is equally adept at storing everyday items. Each planter comes complete with a natural finish solid ash dished top tray and a perforated Steel low level shelf which is ideally suited for storing books or magazines.

BISLEY GLIDE II®
A fresh new look for office storage.

Glide II®, the next generation of our sliding door storage range, once again demonstrates Bisley’s qualities of innovation and attention to detail. The minimalist aesthetic is achieved through our high-quality powder-coated surface. Most significantly, door options include a perforated finish with the inclusion of acoustic foam allowing the units to provide valuable sound dampening in open plan workplace environments.

FEATURES
• Broad range of widths 800w to 2400w heights to 1043h.
• Internal fitments include roll-out filing frames, drawers, slotted shelves and shelf dividers.
• Soft close door closure.
• 3 door options, plain, perforated and acoustic.
• Glide II works perfectly with other Bisley product providing a complete office solution.
• 10 year warranty under normal use.

BISLEY FILING CABINET FEATURES
• Available in 2, 3 & 4 drawers, with full width metal flush front handles.
• Safety action only allowing one drawer to be pulled open at a time.
• Heavy gauge steel construction.
• 100% opening drawers.
• Mastered Locking - 2 keys supplied.
• Smooth action heavy duty roller ball bearing slides.
• Drawer weight loading 45kg.
• 10 year warranty under normal use.
• Colours: available in Grey with Grey drawers (GG) or Coffee with Cream drawers (CC).
• Also available in Black or cream at no surcharge, Silver, Graphite, Chalk White, Oxford Blue available at a (5% surcharge) for a full list of other available colours please contact us.
• To eliminate this problem we provide a Drop in Drawer Base & Compressor plates. They work by spreading the weight evenly into the drawer and provide additional structural support for the drawer. The compressor plates will also help keep files in place and upright for easy access and indexing. These items can be specified separately as required and the installation requires no tools.

BISLEY FILING CABINET FEATURES
• Available in 2, 3 & 4 drawers, with flush front handles and label holders.
• One piece carcass for added strength.
• Hard wearing textured paint.
• Drawer weight loading 35kg.
• 5 year warranty under normal use.
• Colours: available in Goose Grey (GG) or Coffee with Cream drawers (CC).

COLLABORATE WITH BISLEY
• Bespoke design for a complete office solution.
• Colour Match
• Specialised Locking
• Customised finishes
• Bespoke materials

BISLEY LATERALFILE LODGE
A secure personal storage solution for the agile workplace.

LateralFile Lodges are the perfect personal storage solution for any office environment.
Available in a range of sizes, they fit perfectly together to create banks of lodges or combine them with other products from the LateralFile range.

Flexible and stylish, they can be used to define spaces as well as act as visual or traffic barriers; the 6-person Lodge can even be used as an additional touch-down or meeting area.

Additional options such as power, postal slots, and personal drawers make this a very versatile product offer.
STORMOR SHELVING
Office storage solutions

Ideal for commercial / industrial applications - a robust solution for everyday requirements and archive storage. Uprights are manufactured from one-piece steel and feature a delta front edge with no sharp edges, which eliminates snagging when loading shelves.

Shelving bays available in 2 heights and 2 widths with a choice of shelf depths.

Shelves adjustable on 25mm pitch and carry 70kg (1000mm wide) and 45kg (1250mm wide) loads. Additional shelves with shelf clips available.

Choice of hard wearing White or Light Grey paint finish incorporating ActiveCoat anti-bacterial coating.

Shelving starter and extension bays make ordering easy. To create a run just order a starter bay and the correct number of extension bays. All bays have 6 shelf levels.

Tailor your storage needs by adding shelf dividers and pull-out reference shelves.

Other accessories available include doors, dividers, pull-out file cradle and drawers. Call for details.

It is essential that shelving exceeding a height to depth ratio of 4:1 to the top loaded shelf is adequately secured to the floor. Bay codes followed with an * indicate floor fixings supplied.

DOCUMENT SHELF DIVIDER
The slim profile divider is designed to be used with paper storage

PULL OUT REFERENCE SHELF
Provides a flat and stable work surface with a storage bay. Shelf slides out on telescopic arms and can carry 25kg. Fits 1000mm wide bays only.

262 263
Range of steel lockers available in a range of five new fresh door colours and the choice of white, black or silver body colours. These are the ONLY lockers in the UK that are Fire Rated Lockers – they comply with the European Standard - EN 13501-1: 2007 +A1: 2009 relating to fire performance. This means that these lockers will not combust, increase or sustain any fire within their proximity. Other locks available POA.

Made in the UK, this modern range of cloakroom equipment is available with Light Ash slats and includes single and double sided benches and hook benches. All cloakroom units have robust frames constructed from 50mm round, thick walled tubing with welded joints for increased strength and durability and have Silver (RAL 9006) anti-bacterial powder coating. Hook Bench and Benches are available with 3 seat heights making them the perfect solution for schools, whatever age group they teach.

**STORAGE STORAGE**

**BESPOKE SOLUTIONS**

Quality changing rooms solutions.

We are here to help you with experienced personnel, specialist designers and professional fitters. We work with you from the initial briefing and site survey, through detailed design proposals, to manufacture, installation and final commissioning.

Your project is managed flexibly and sympathetically, and you’re always part of the process. This is space which must work for you, not the other way round.

The result? You get the facility you need, when you need it, where it’s required.
STEEL LOCKERS

Secure personal storage.

A comprehensive range of lockers with a superior finish designed and built to last. Meets the testing requirements of the British Standard for Clothes Lockers BS 4680:1996 ‘Standard Duty’.

1800MM HIGH STANDARD LOCKERS

Single Door Lockers, fitted with hat shelf and double coat hook.
Rail as standard on 450mm deep lockers. Two Door lockers fitted with double coat hook in each compartment.

This simple and economical cam lock provides user access with a small, easily replaced key. The lock is supplied with two keys and a master key is available.
The lock cover plate and handle provides recesses to accept compartment numbering or identification.

DOOR COLOUR OPTIONS
Please specify door colour when ordering by adding the colour code. Carcase colour is - RAL 7035. Colours, with ActiveCoat as standard:

- Light Grey - RAL 7035 - GU
- Blue - RAL 5002 - CF
- Red - RAL 3020 - RD
- Green - RAL 6001 - PD
- Dark Grey - BS.00A11 - HY
- Yellow - RAL 1003 - YD

STEEL LOCKERS

Secure personal storage.

A comprehensive range of lockers with a superior finish designed and built to last. Meets the testing requirements of the British Standard for Clothes Lockers BS 4680:1996 ‘Standard Duty’.

DOOR LOCK OPTIONS

- Oval Handle for use with padlock.
- 1 Coin Return Locks. Ideal when lockers have ‘shared’ users. The key is released when coin is inserted.
- Keyless 4 Tumbler Combination Lock. Ideal for facilities where keys are not desirable.
- Battery operated combination lock. Simple to use, battery operated keyless lock. Can be programmed for dedicated single use or multi user ‘open access’ mode.

ACCESSORIES

- Sloping tops are essential in hygiene sensitive locations such as hospitals and the food industry. The 22-degree slope prevents litter being left on locker tops and makes cleaning easier.
- 150mm high tubular locker stands allow for cleaning underneath the lockers.
- 100mm high side lockers stand allow for cleaning underneath the lockers. Finished in light grey.
QUICK DELIVERY METAL LOCKERS

Need lockers in a hurry!

QUICK DELIVERY STANDARD METAL LOCKERS

Standard 1800mm height steel lockers are great for storage in homes, factories and schools.

• Choice of 5 door configurations.
• Single door lockers 300mm and 450mm deep, fitted with hat shelf and double coat hook, 450mm deep also features a hanging rail.
• Two door lockers fitted with double coat hook in each compartment.
• All painted components are protected with a powder coating which inhibits the growth of potentially lethal bacteria and fungi.
• Blue doors with ActiveCoat antibacterial protection.
• Key-operated cam locks with two keys are supplied standard.
• All lockers are 1800H x 450W x 450D mm

QUICK DELIVERY SMALL ITEM LOCKERS

Ideal for locations where items may need to be left or are not permitted

QUICK DELIVERY SMALL ITEM LOCKERS

Small item lockers provide secure storage for small but valuable possessions in public areas and throughout the workplace.

• The locker units can be hung on walls or boled one on top of the other and side by side to form banks of lockers.
• Key-operated cam locks with two keys are supplied as standard.
• Blue doors with ActiveCoat antibacterial protection.

QUICK DELIVERY HAZARDOUS CUPBOARDS

Secure storage for hazardous substances

QUICK DELIVERY HAZARDOUS SUBSTANCE STORAGE CUPBOARDS

This range of cupboards provides a secure facility for materials which are required to be stored when not in use. Supplied with appropriate safety labelling, the highly visible yellow colour also ensures awareness of the potential danger of the materials stored and makes locating in the workplace easy.

All models feature:
• Epoxy powder coating in high visibility yellow RAL 1003
• Secure three-point locking
• Fixed welded sump for containment of spills
• Height-adjustable shelves to accommodate stored material

Supplied with three high visibility labels conforming to the new GHS and CLP signage. Simply choose the right label for the type of substance being stored:
• Harmful materials
• Highly flammable
• Corrosive materials

In the event of spillage within the cupboard, it is recommended the sump is emptied by means of an appropriate pump and the contents disposed of correctly in accordance with the relevant waste management regulations.

Maximum order 10 cupboards.

WORKWEAR LOCKERS

High density storage solutions

QUICK DELIVERY SMALL ITEM LOCKERS

Small item lockers provide secure storage for small but valuable possessions in public areas and throughout the workplace.

• Choice of 5 door configurations.
• Single door lockers 300mm and 450mm deep, fitted with hat shelf and double coat hook, 450mm deep also features a hanging rail.
• Two door lockers fitted with double coat hook in each compartment.

Electronic lock available, extra cost & lead time
Data box for protecting magnetic media also available on request (PO)
SERIES 90
Modular benches for mail rooms and print rooms.

The longest-life mail/print room solutions in the UK. The Standard range is heavy-duty; it offers a uniquely robust, and long-lasting work surface and/or storage solution for ergonomic and efficient operations. The tops on the Standard range is 28mm High Pressure laminate with a dark grey edge, and a “Contract”, lighter grade melamine faced 25mm top is also available for less arduous environments or where budgets are reduced. Each bench comes with a rugged steel frame and is available in 4 lengths with optional upstands and/or mobility castors.

A complete design and installation service is available for complete mail/print room transformation.

UPHOLSTERY FABRICS

Camira – Era.

Era is a subtle, two tone polyester fabric containing stretch in both directions for ease of upholstery. The baby herringbone weave offers an understated contemporary texture while its colouring technique provides close up intrigue. The palette incorporates playful brights and sophisticated muted tones.

UPHOLSTERY FABRICS

Camira – Xtreme.

A huge range of fabrics and colours are available. Please contact your local sales office for a free fabric sample card.

SCREW FABRICS
Camira – Lucia.

Lucia is an ever popular crepe weave synthetic panel fabric. It’s manufactured from 100% recycled polyester saving virgin raw materials and for a reduced environmental footprint. With a non lustrous appearance, its bold and bright colour palette is designed to complement the Xtreme range for upholstery.
